ONWARD JOLLY R

Foreword

Just yesterday we set sail on the Jolly Roger, and now as our voyage comes to an end, we disembark, never to sail with her again. We, the class of '65, believe that each time we have encountered trouble or tribulation, it has made our ship that much stronger and sturdier, more able to bear the problems of its passengers.

In many respects we can never repay the many things which Rogers has provided us. As our voyage comes to an end, we realize that we are better human beings, than when we boarded this ship a few short years ago. Our voyage has prepared us so that we might assume responsibilities as the leaders of our generation.

Now, it is your responsibility to go onward, to make it a better and stronger ship. We seniors know that this ship will guide you on the right course. If you feel that this ship has failed you, it is because you have not lived up to the ideals set by past voyagers. Do all that you can to make your voyage worth while. Bon Voyage!

Look. One place where
I'm sure able to meet
is at the Bowling
Alley. It was quite fun
last year even if
I did quit after. Good
luck in whatever
you do and to
your mom. God bless you
and be with you
in all the next 8
years of your life.

Cosmic-Senior Math Club was one of the most active school clubs during the 1964-65 school year. Its service projects included tabulation of honor roll statistics, slide rule classes, and proposal of a foreign exchange student measure through Student Council.

Academically, the club took field trips to Cheney, Fairchild A.F.B., and also to WSU.

Along the recreational line they had an initiation, an installation, and a pay-off party.

They also promoted school spirit by participating in pep-con competition with Rogers' Hi-Y.

Officers for the fall semester were Doug Gehrke, Barbara Johnson, Barbara Landry, Penny Ziegler, Jenny Sutherland, and Larry McCracken.

ACTIVITIES

A taut ship sails
on an ocean blue.
A captain supported
by a loyal crew.
It's not all work
on our Pirate ship,
Much fun can be had
on our high school trip.
Activities varied,
something for all.
It need not be dull
we're having a ball!
You can take sciences,
business, drama, or choir,
Or try aviation,
become a flyer!
The Jolly Roger Ship—
a good place to be
When your life feels like
a stormy sea.
